DIRECTOR'S MESSAGE

To All Our Coniston Campers and Staff

We hope that all of you have had a full, rich and fun-filled experience in your stay at Camp Coniston this bicentennial year of 1976. We know that all of you experienced some rain but we also know that all of you had a lot of sunshine smile upon you. Now that the days grow shorter and winter approaches we reflect back on the quiet beauty, the many new friends, and the busy days we call Coniston. There is a hush over camp broken only by the plaintive cry of the loons calling to each other but the hush is one of quiet satisfaction that seven hundred and eighty nine different children had a chance to enjoy another summer at this place we call home. Our staff once again performed superbly and gave a mighty effort to provide program and well-being for each one of you. May you enjoy the year to come knowing that once again this beautiful place in the hills of New Hampshire will beckon you for another fun-filled summer of 1977.
