

MILESTONE

This year of 1989 was especially significant to all of us, staff committee and campers as we celebrated the milestone of twenty-five years of service to youth through this YMCA camp. As we gathered together to dedicate our new Silver Anniversary Pavilion we welcomed back many loyal staff, campers and leaders of the campaign to purchase the camp. We dedicate this annual to all of those whose vision and courage, whose persistent negotiation, whose consistent fund-raising made this magnificent camp possible. We pause to meditate on what this place has meant to thousands of boys and girls, men and women in the years since 1964. It wasn't just activities enjoyed, skills learned, overnights tolerated. It was fun and friendships to last a lifetime. It was fresh air and fitness to match the beauty of the lake and skies. It was being part of a cabin group and joining with the whole camp in skits and talent shows, movies and campfires. It was a total experience, sometimes negative, but most of the time positive. It made campers want to return for their five year award and counselors reach fifteen summers on the shores of Lake Coniston.

What is Camp Coniston? It is the sight and sound of a beautiful outdoor wilderness, the feeling of good will and just plain fun. It is making friends for a lifetime and sharing in special cabin moments. It is fresh air and sunshine, rain and fog, skills sharpened and activities that challenge. It is all of these things and more. It is a spirit of well-being where the pressure is off and kids can relax. That is what you created, you who had the vision and courage to make Camp Coniston possible. Thank you!

Bob and Erma Sanders

YMCA Camp Coniston
